

# My Success Story

For those who need to know!  
Dr. Singh, has been a miracle work for me.  
I started seeing him over a year ago for  
cataract and a druggye eye lid.

But due to my age other Drs. refused to  
do surgery. But not Dr. Singh! In the beginning  
he wasn't sure but as time went on  
he decide that ~~do~~ it <sup>was best</sup> and it <sup>has</sup> change  
my life. Now I feel and look like a million  
Dollar woman again.
