

My Success Story

My name is Dudley Gibson and I live in Swinley West A2. I was first referred to Dr Singh about two years ago by Dr Sarna. I am glad that she did.

Dr. Singh has examined me for various eye conditions and recently performed two cataract surgeries with lens implant. For the first time in forty years I am now seeing perfectly with only reading glasses required.

I would strongly recommend Dr Singh to anyone requiring cataract surgery!

He and his staff are very competent and professional!
